Monday, September 14, 2020, from 10 to 11:30 AM appears to be the best time and date for CRW, PADEP, and EPA to have a technical meeting. I will follow-up this email with a meeting invitation. The topics covered in this call will be the information EPA requested from CRW in its August 21, 2020 letter. Please let me know if CRW has enough time to gather all the information it needs to present.

I look forward to hearing from CRW.
